C-D

2,000 - 3,500 kg Capacity

Diesel Counterbalance Lift Truck

Strength and Refinement

With a durable heavy-duty chassis, dependable diesel engine and refined ergonomic cabin, the Crown C-D Series diesel counterbalance forklift is ready to work hard all shift long. The C-D Series also complies with the latest EU 5 exhaust emission regulations.

Its wide range of standard and optional product features makes it an ideal choice for virtually any IC material handling environment.

The Crown C-D Series is built to go the distance.

Outstanding Comfort and Control

Crown's C-D Series diesel counterbalance forklifts are equipped with features that can take your productivity to the next level without compromising safety, comfort or control. Enhanced comfort features reduce operator fatigue and strain even in demanding applications. Furthermore, the low noise level of 75 dB allows the operator to better concentrate on the tasks and surroundings.

Intuitive Instrument Panel
A standard 5-inch full-colour LCD screen provides a clear view of information and indicators important to the operator. A larger 7-inch screen is also available as an option. Changes to performance settings are simple and quick.

Premium Adjustable Seat (optional)
A full-suspension Grammer comfort seat can accommodate individual operator preferences.

High-Visibility Seat Belt
The seat belt must be fastened when the operator is seated in order to operate the truck.

Excellent Visibility

The overhead guard design adds strength for safety and allows for a clear upward view for operators. The low front dashboard optimises sight lines for load handling operations.

- Hydraulic hoses and chains are arranged strategically, near to the mast uprights, to provide a wide-open view
- Optional Tilt Position Assist
- Optional rear-view camera for hard cabin
- Optional large panoramic mirror assists the operator with a broad view of the rear working area
- Optional LED worklights, shine brighter and last longer than traditional sealed beams or halogen lights
- Optional blue or red floor spotlights and/or linelights

Spacious Legroom

The wide knee clearance and the positioning of the tilt cylinders off the floor plate provide plenty of legroom.

Modular Cabins (optional)

Four individually adaptable cabin layouts are available for protection in different conditions

- Roof only
- Roof and front windshield
- Roof, front windshield and rear window
- Hard cabin, also available with heat and air conditioning

Crown's Proven Service and Support

Crown support begins long before the lift truck leaves the factory. Our integrated approach to service provides an exceptional user experience to our customers – before, during and after the sale.

Fuel-Efficient Engine

The proven and powerful diesel engine provides the right blend of power, torque, reliability and economy. Its cast iron construction offers durability and is designed for smooth, quiet operation. It also complies with the latest EU 5 exhaust emission regulations.

Particulate Filter

- Automatic regeneration
- Extended service intervals
- Complies with EU 5 regulations

Multi-Torque Mode

- ECO Mode
This mode optimises operational efficiency to reduce fuel consumption
- Standard Mode
This default mode balances power with efficiency
- High Mode
This mode increases truck performance for heavy-duty applications

Easy Diagnostics

The forklift's condition can be diagnosed with just a cable and a laptop, allowing the service technician to maintain your forklift quickly.

Easy Radiator Check

The counterweight cover is simple to attach and detach, making it easy to check the radiator.

Easy to Access Components

Toolless panel removal and generous hood opening allows for quick checks and easy service access.
